

DECEPTION

A CYBER SECURITY MYSTERY GAME

WHO GOT ZONDAXA HACKED?

Zondaxa, an innovator in biotechnology, is facing a hack. Confidential information has fallen into the hands of criminals and the company's reputation is at stake!

Help Stefanie, the director of Zondaxa, uncover what you can. Answer the questions correctly and gather clues to unmask the culprit.

Can you identify the right culprit, motive, and method?

Ideal for team building

Experience 30 minutes of data breach tension. Work together with your colleagues to trace the breach through hints and clues. You win or lose as a team!

For the whole company

Play Deception with the entire company with an unlimited number of participants. Together in a group or together online. No experience or prior knowledge is required.

Available in Dutch and English

Non-Dutch speakers in your company? That's no problem: Deception can be played in both Dutch and English.
